

**THE
VARSITY
SCHOOL**
Built on Tradition. Driven by Innovation.

Admissions Process

Rolling Admissions – Apply Early

- Applications open immediately and continue until full.
- Athletes are selected by Denise Davis for alignment with the Varsity culture.

Group Assignment Process

Strategic Grouping for Maximum Growth

Denise Davis personally assigns groups based on:

- Skill level and experience
- Mechanics and body awareness
- Pitch menu and reaction time
- Team chemistry and age

Local athletes are asked to attend Monday/Tuesday sessions to prioritize Sunday access for long-distance commuters.

Enrollment Eligibility

- Completion of prior Varsity, PFP training program, or an in-person/remote assessment
- Active VIP GOLD Membership
- Annual purchase of a 6, 12, or 24 Veteran or Master lesson package. Lessons are essential for tweaking and reinforcing important class concepts.
- All account balances paid in full

Participation Requirements

Varsity athletes are expected to:

- Have access to an iPad, iPhone, or Android for training tools
- Pitchers must have a designated catcher or catching parent
- Maintain academic eligibility
- Demonstrate strong, consistent attendance

Varsity School Policy & Expectations

Varsity status is renewed annually through high school graduation.

To maintain good standing, all athletes must:

- Be a Varsity VIP Gold Member
- Be enrolled in autopay through your PFP eSoft account (unless tuition is paid in full).
- Attend all classes—or observe if injured—to continue learning and engagement.
- Follow all program expectations: commitment, effort, cooperation, assignments, and conduct.

Medical Leave Policy

- With proper documentation, long-term injuries may result in a medical leave of absence.
- Tuition and lessons will be pro-rated, and waitlisted athletes may fill the spot.
- Injured athletes may rejoin when healed and if a spot becomes available.

Conduct Policy

After two warnings and a formal meeting, any athlete not upholding the program's academic, behavioral, or training standards will be dismissed—and responsible for the remaining tuition balance.

Absences & Inclement Weather

- No make-ups for illness, vacation, or scheduling conflicts.
- Private lessons are not transferable for missed group sessions.
- A single weather-related make-up event may be scheduled for the entire program at the end of the term. Individual make-up sessions will not be available.
- Our academy is fully adaptable. In the event of long-term weather disruptions, illness, or large-scale emergencies, Varsity programming will seamlessly transition into a virtual experience that includes presentations, group collaboration, skill analysis, and recruiting education. We're built to be flexible—because training never stops.

Varsity Network & Self-Scheduling

PFP will provide a contact list (opt-in only) of all Varsity athletes. If you must miss your scheduled class, it is your responsibility to arrange a switch with another athlete.

Varsity Tuition
